SUMMARY

This project aims to help young people to have a training, to assimilate knowledge, which they can put into practice by developing a business that will help the young population, the community they belong to, to innovate and build a healthy life, independent and decent.

This project will provide examples of independent activities that will stimulate entrepreneurship. They give young people the opportunity to be aware of their abilities, which will motivate them to pursue a certain path in entrepreneurship or a career. Self-employment will stimulate entrepreneurship and help create new jobs. They give young people the opportunity to use their skills and create their own jobs.

OBJECTIVE

OBJECTIVE 3

project

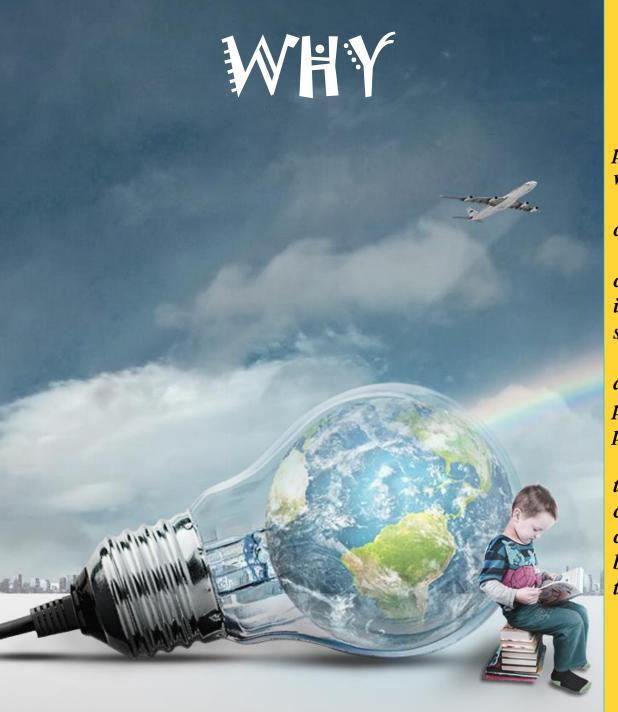

Purpose of the project **Be yourself - Be an** entrepreneur is to develop entrepreneurship among young people in rural areas.

Improving the knowledge of 42 young participants about entrepreneurship and Erasmus+ during all the phases of the project.

Involving 42 young people in rural crafting activities and active citizenship.

Helping 42 young people to create a business plan in order to further acquire skills and abilities.

The young people say that the idea of entrepreneurship is poorly known to them. This project supports young people and completes what is missing from their development.

Independent activities will stimulate entrepreneurship and contribute to the creation of new jobs.

They offer young people the opportunity to use their skills and create their own jobs. Encouraging entrepreneurial mindsets and attitudes is a step of the Europe 2020 strategy, especially in education and training systems.

Thus, young people are saying they need more opportunities to accumulate entrepreneurial experience, support and advice on business plans for accessing startup capital and counseling in the beginning period.

The need for young people to participate in this project is for the development of entrepreneurial skills and active involvement in the community, the opportunity for personal development, understanding the concept of entrepreneurship, starting, selling, promoting and sustaining a business in rural areas, to ensure a future for the community in which they live.
